

**LangChain**   

**ReAct**

**AUGMENTED STARTUPS**  
Fusing AI Innovation & Next-Gen Education

**ReAct** stands for Reasoning & Action, a method in LangChain where the model understands the why behind the action and then acts on it.

**Start with Why**

# Bigger Picture

**ReAct forms a critical step in LangChain's Chain of Thought, which creates a more insightful dialogue with the model, making your interaction not just a series of commands & responses, but a dynamic conversation.**
